

## TECHNOLOGY

– tailored and straightforward consultant and recruitment solutions within IT

### IT SPECIALISTS AT THE CUTTING EDGE OF TECHNOLOGY

Wise IT offers advanced IT-specialists within technical fields such as data and analysis, AI, IOT, hardware-related development, cloud services, workplace and CRM. Whether you need recruitment or specialist consultants, we can help you find the right individual at the cutting edge of technology.

Do you have strict demands for the matching process? Do you like to bounce ideas back and forth, and appreciate a proactive approach? We work in specialized teams to ensure that we meet your needs and to match you with the right IT-specialist.

### A PARTNER WHO PROVIDES ADVICE FOR COMPETENCE SOLUTIONS WITHIN IT

We want to work together with you to find the right IT-specialist for your company. You know your business, and we know competence solutions within IT. Our goal is to help people and organisations achieve their full potential. We need to listen carefully in order to really understand and to share our experience and knowledge, in order to make things happen.

“WE BELIEVE IN THE PEOPLE  
BEHIND THE TECHNOLOGY”
